

Digital Course

AAI Treatment of Hematologic Cancers

February 23 - April 11, 2024

BVGH will host a 9-session digital African Access Initiative (AAI) lecture series focused on treatment of hematologic cancers and tailored to meet the needs of oncologists, hematologists, and nurses in Africa.

 [Click here to register](#)

This digital lecture series will cover several topics related to hematologic cancer treatment prioritized by our AAI partners, including:

- Leukemias
- Lymphomas
- Myelodysplastic Syndromes
- Side Effects of Hematologic Cancers

Each lecture will be one hour followed by 30 minutes of Q&A.

Please email Teddy Olberding (tolberding@bvgh.org) with any questions.

AAI Treatment of Hematologic Cancers
